

FVG Testimonial

I engaged First Valuation Group (FVG) to represent Architecture Media in negotiations with our landlord after we had agreed to renew our lease at the “market rate”. Mark Ruttner of FVG undertook a valuation of our premises and negotiated with the landlord on our behalf. When agreement with the landlord was not reached, the matter was referred to an independent valuer. Mark represented us in that process, took all the stress off my shoulders, and we achieved an outcome with which we were completely satisfied.

In all my dealings with Mark and FVG, I was impressed with the calm, knowledgeable and professional approach they displayed throughout. I am happy to recommend Mark and FVG to any prospective tenant looking for competent professional help in securing and leasing properties, and negotiating fair terms with landlords.
